PHILIPPINES ASK FOR INDEPENDENCE FROM THIS COUNTRY

Washington, April 4—"The time for Philippine independence has substantially come," Secretary of War Baker today told the Filipino mission here, seeking self-government.

The day is very close at hand when this can be formally accomplished, Baker told the Mission, describing existing relations as being merely "formal ties."

This he added is the view of the President as well. He read a letter from the President to the mission which expressed pride in the support the Filipino people have given to the United States during the war.

Washington, April 4—An appeal for independence was laid before the United States Government today by the Philippines.

A mission consisting of forty prominent natives of the Islands, headed by Manuel L. Quezon, president of the Philippine senate presented the appeal to Secretary Baker at the war department.

Declaring that the Islands "stood by you" in the fight for the "rights and liberties of small nations," Quezon, speaking for the mission said that granting of independence to his country will prove to the world that America is a liberating rather than a conquering nation. His speech follows:

"The Philippine legislature at the behest of the Filipino people sent this mission to the United States bearing the message of goodwill, gratitude and respect from all the inhabitants of the Philippine Islands.

"The mission is charged with a high and solemn obligation. It is instructed to present the great cause so essential and necessary to the happiness and existence of the entire Filipino people. I refer to our national birthright to be free and independent. We therefore submit hereby the urgent question of Philippine independence to you and through you, to the government of the United States in the confident hope that it shall merit a just, righteous and final settlement.

"Independence is the great national ideal of the Filipino people. The members of the Philippine mission here, representing all elements of Philippine life, are, one and all, ready to testify to the absolute truth of this assertion. We believe that this is the proper time to present the question, looking to a favorable and decisive action, because of the declared and uniform policy of America to withdraw her sovereignty over the islands and to recognize our independence as soon as a stable government can be established.

"That there is now a stable government in the Philippines, managed and supported by the people themselves and that it can and will be maintained under an independent government, the testimony of your own official representatives, governor general Harrison and acting Governor General Vojter, will bear out. This fulfillment of this solemn promise you owe to yourselves, to us, and to humanity at large.

GREAT BARBECUE MAY BE ARRANGED IN SOLDIERS' HONOR

Tentative plans being discussed by the entertainment committee of the Xenia Business Men's Association for a celebration in honor of the homecoming of so many Xenia and Greene county soldiers, may take the form of a huge barbecue, according to present indications.

Owing to the fact that there was no particular army outfit that was entirely representative of Xenia, local lads being scattered over all branches of the service, and due to the fact that they are returning home in ones and twos, it is very difficult to decide any form of a fitting celebration for the occasion.

The committee has decided however, that it is best to wait until most of the lads have returned home, and by the time the barbecue is arranged for it is hoped that most of the soldiers who left this county will be home. Under present plans it is thought to have the barbecue on May 1, but it may be deferred to a latter date as all plans are as yet but tentative.

A number of the guests took little birthday remembrances to Mrs. Lane. About forty were present, and they enjoyed the evening very much. HENRY FARRELL AND JOHN TOWNSLEY SPEND NIGHT WITH FAMILIES

When the second section of the Pennsylvania train bearing the boys of the One Hundred and Thirty-sixth Field Artillery to Cincinnati, pulled into Xenia at 11:30 Thursday night, there was a happy reunion at the station between Sergeants Henry L. Farrell, of this city, and John Townsley, of Cedarville, and their relatives.

The two local lads were permitted to join their families and go home with them overnight. They went to Cincinnati on an early train Friday morning, and joined their regiment for the parade and demonstration which took place in that city Friday.

Word was received here Thursday afternoon that the train carrying the One Hundred and Thirty-sixth to Cincinnati would reach here at 8 o'clock in the evening, and friends of the boys among whom the word spread, went to the station and waited patiently until the three section train arrived. The first section pulled in at about 11 o'clock.

Sergeant Farrell went home with his parents, Mr. and Mrs. H. J. Farrell, and his sisters, while Sergeant Townsley joined his brother-in-law and sister, Mr. and Mrs. Frank Jackson.

The local boys are in Battery B. They went over seas, 18 months ago, after training at Camp Sheridan, and their Battery took part in some of the big decisive engagements of the war. They have not been home for nearly two years.

The Farrell family and Mr. and Mrs. Jackson went to Cincinnati Friday morning for the demonstration in honor of the regiment.

"TIGER" IS THRIFTY!

Paris, April 4.—"While clothing is so expensive I am not going to indulge in the luxury of a new overcoat just because a fool shot a few holes in my old ones," Premier Clemenceau said the other day.

The "Tiger's" jacket and overcoat, both showing bullet holes, were part of the evidence that had to be produced at the trial of his would-be murderer, Emile Cottin.

M. Clemenceau, however, happens to be particularly fond of these garments, and he asked M. Ignace, Under Secretary of State for War, to let him have them back quickly.

M. Ignace replied in tones of gentle reproach that the articles were in the hands of the judiciary and that under the rules it would be quite impossible to part with them until the case was past the appeal stage.

Then M. Clemenceau, who is an enemy of "red tape," did what in French is described as an "efficacious act," the nature of which is not specified, but may be surmised.

His garments came back the same day.

She was arrested this time for representing that she needed money to go to Dayton to see her brother whom she claimed was at the point of death. SAILORS IN EXCITING ROLLER SKATING RACE

S. S. Goodman, Dayton sailor, was an easy winner in his race when F. A. Bain, sailor, at the rink Thursday night, making the mile in 3:49.

The race featured one of the biggest evenings at the rink recently when both skating and dancing was enjoyed. The dancers were in the middle of the floor and the skating was around the outside edge. Music was furnished by the Cedarville band and the large crowd present participated in a most enjoyable evening.

There were two races during the evening, the race between the two sailors being the second event. Bains got away poorly and he fell down during the latter part of the race, after Goodman had gained a lap on him by passing him early in the affair.

In the amateur race, John Ratchford was a veritable whirlwind and won the race in 3:40. Ernest Jack and Harold Talbert were no where in the running, although Jack finished second and Talbert third. Ratchford skated easily after obtaining a good lead on his opponents.

HUSBAND OF KATHERINE CHILDS IS CAPTURED BY THE BOLSHEVIKI

Bryant R. Ryall, husband of Miss Katherine Childs, former secretary of the Greene County Young Women's Christian Association, has been identified as one of the two Y. M. C. A. workers officially reported in cable dispatches from Archangel, Russia, as having been captured by the Bolsheviks.

Mr. Ryall and Miss Childs were married at Archangel last November, after having become acquainted on a Y. M. C. A. and Y. W. C. A. educational barge on the Volga river, the previous summer. Local friends are very much concerned regarding the welfare of Mrs. Ryall, concerning whose safety the dispatches have nothing to say.

A news dispatch from New York regarding the matter is as follows: New York, April 3.—Young Men's Christian Association officials today identified the two workers reported in yesterday's cable dispatches from Archangel, Russia, to have been captured by the Bolsheviks as Bryant R. Ryall, of Bloomfield, N. J., and Malcolm V. Arnold, of London, Ohio. The spelling of the names was apparently confused in cable transmission.

Ryall, a graduate of the University of Wisconsin, is 34 years old and has been in Russia a year. His mother, Mrs. T. C. Ryall, lives at Gladstone, Ore.

Arnold, 32 years old, is a graduate of the University of Nebraska and Oberlin College. His parents live at Ogalala, Neb. He went to England in July, 1918, and about six months ago was sent with a party of 18 Y. M. C. A. hut secretaries to Murmansk, on the Kola Peninsula, east of Finland.

The young woman mentioned as Ryall's wife whom he married in Archangel last December, was identified as formerly Miss Katherine Childs, of Sherman, N. Y. She is a graduate of Drexel Institute, Philadelphia, and went to Vladivostok in October, 1917, as a Y. W. C. A. worker, later going to Moscow and thence to Northern Russia. Her husband was working in the front lines near headquarters at Bolshoi Ozer when captured.

LATE JOHN BRYAN IS SHOWN TO HAVE PROFITED CHAMPIONING HUN CAUSE

Cincinnati, O., April 4.—Evidence that the late John Bryan, Yellow Springs capitalist, added to his wealth by championing an alliance between the American government and Germany was disclosed Thursday in the probate court during the hearing of the friendly suit brought by Edgar Stark, administrator, for the possession of securities to the value of \$175,000 in a safety deposit box in the Western Bank and Trust company of this city.

Mr. Stark said that the securities stood in the name of L. N. Harper. That name was assumed by the late millionaire, the witness testified, saying: "My investigation shows me that he got it from a tombstone in the

cemetery near his home in Yellow Springs." L. N. Harper has been dead many years. Mr. Stark testified, and was a farmer in Greene county. The witness read a letter to substantiate his claim wherein Bryan told a friend of the peculiar method of hiding his fortune. There are other evidences, the witness declared, which will show that Mr. Bryan added to his wealth during the war as a result of his championship of an alliance between the German and American governments previous to the war.

Mr. Stark said that many of the eccentricities of the late millionaire will be disclosed when a schedule of the hidden securities of the estate is made public.

She was suddenly stricken by a severe spell of nausea, and died within a few minutes. Her son, Captain Hugh Carr, was with her, called Mrs. George Drake, a neighbor, and a physician, but she had passed away before the latter reached the house. Mr. Carr was in Chillicothe on business when his wife died.

Mrs. Carr was born in Milan, O., and her maiden name was Elizabeth Bosford. When she was a small child her parents moved with their family to Yellow Springs in order that their family might have the educational advantages there, and most of her life was passed as a resident of that place. She is survived by her husband, two children, Mrs. Frank

Neibel, of St. Paul, Minn., Captain Hugh Carr, who was recently discharged from the army; a sister, Mrs. Harriet Hurst, of Yellow Springs, and a brother Ulysses Bosford, of Arkansas.

Mrs. Carr was a woman of unusually attractive personality, a charming hostess, and she had a great many friends in this city as well as in Yellow Springs. Funeral arrangements will be announced later.

No Medicine-Chest Without Its Family Laxative

From the baby to the grandparents a good laxative is the necessary medicine in the little ills. It wards off serious sickness and eases doctor's bills. Many a cold has been prevented from running into gripe and pneumonia by its timely use.

Many a racking headache has been quickly dispelled by it. And it is a laxative rather than a drastic cathartic or purgative that should be in every family medicine-chest, for a laxative can be used at all ages.

Thousands of good American families have for more than a quarter century used a combination of simple laxative herbs with pepsin known to druggists as Dr. Caldwell's Syrup Pepsin. It is a laxative-herb that acts on the bowels and stomach. Infants take it with perfect safety, and it is equally effective for grownups.

Grandparents are now seeing their children give it to their babies. It is excellent for all the family in constipation no matter how chronic, indigestion, wind colic, biliousness, headaches, dyspepsia and similar ills.

The druggist will refund your money if it fails to do as promised.

MRS. JAMES SOWARD DIES ON THURSDAY

Mrs. Anna Soward, wife of James R. Soward, passed away at her home on the Lower Bellbrook pike at 4:30 o'clock Thursday afternoon. She had been ill for some time of complication of diseases.

Mrs. Soward was born in this county and had spent all of her life here, being 42 years of age at the time of her death. She was before her marriage to Mr. Soward, Miss Anna Soward. Mr. Soward survives her with the following children, Misses Mattie, Addie and Earl and Kenneth. One sister, Mrs. William Ryan of Springfield, also survives.

Mrs. Soward had been ill eleven weeks and had been bedfast for seven weeks. She was well-known and respected in the neighborhood in which she had lived for a number of years. She was a member of the First Reformed church in this city, of the McClellan W. C. T. U. and of the Daughters of America.

The funeral will be held at the late home Sunday at 1:30, conducted by the Rev. M. E. Beck. Interment in Spring Valley cemetery.

The Safest Guide.

The much-praised optimist, although to be admired, is not a safe guide. He tells us all is well, when it is not. He fails to see the pitfalls and urges us forward and we fall into them. Likewise the pessimist, although shunned and berated, leads us to be over cautious. Under his influence we hopelessly sit down for fear we will fall into the pit, when there is none. The cautious leader who watches, waits, and withal is patient expecting the world to move forward, is always most trustworthy.

THIS PRETTY GIRL WHO DEFIES AGE USES HOWARD'S BUTTERMILK CREAM TO BEAUTIFY HER COMPLEXION

Tells Sayre & Hemphill and all good department stores not to take anyone's money unless this delightful new vanishing Cream quickly shows a decided improvement. Try it to-day at our expense.

The first application of Howard's Buttermilk Cream will astonish you. It creates beauty almost like magic. The most wonderful thing about it is the fact that whilst it turns the dull, most lifeless complexion to radiant beauty and makes red or rough hands or arms snowy white, yet there is not the slightest sign of its use after application. It actually vanishes from sight and the most heated atmosphere will not produce the least shininess or greasiness of the skin.

No matter whether you are troubled with a poor complexion, wrinkles, puffiness around the eyes, freckles, crows feet or lines around the mouth, ugly finger nails, or just a simple roughness of the face, hands or arms caused by wind or sun, you will find that any or all of these troubles will quickly disappear with the use of Howard's Buttermilk Cream.

To prove this to your complete satisfaction, get a small quantity today at Sayre & Hemphill's, with the understanding that they will freely return

the purchase money to any dissatisfied user. Beautiful actress says: "A short massage with Buttermilk Cream at night before retiring is all that is necessary."

LIEUT. STUTSMAN OF GREENE COUNTY TO GO TO HONOLULU

Lieutenant George F. Stutsman, son of Mr. and Mrs. G. F. Stutsman, of near Bellbrook, who is in the regular cavalry and has been located in Arizona, will leave there Saturday for Honolulu, where his regiment is located.

Lieutenant Stutsman was scheduled to leave here with the first five per cent of drafted men, but was called to officers' training school at Fort Benjamin Harrison, the night before he was to leave. He was commissioned second lieutenant and attached to a regular cavalry unit, which has been located at Fort Sam Forsythe in Texas, until recently, when it was transferred to Camp Harry J. Jones, at Douglas, Arizona.

In a letter received from Lieutenant Stutsman recently, he says:

"Douglas is a very nice place to be stationed. It is a city of perhaps ten thousand inhabitants, situated on the southern border of the state. In fact, part of the city is in Mexico, and is called Agua Prieta. Douglas is a mining town, so, naturally, most of the people are interested in some phase of the mining industry. The mountains around here are lousy with copper and silver. Arizona leads in the production of both ores at present. I haven't any recent statistics that are authentic, but in 1915 three million dollars' worth of silver was mined in Arizona, the most of which was produced in this (Cochise) county. The smelters here are booming full force day and night.

"It is remarkable to see such an

up-to-the-minute city in such an out-of-the-way place as this is. A veritable oasis in the desert. Looks like a little block of one of our Ohio cities dropped down here accidentally. Two cavalry regiments and one infantry outfit are stationed here, which aids materially in keeping up the business of the city. One vaudeville house, one stock company, and a host of movie houses are well supported. And girls! I never saw so many good looking women in one place in all my life. Every miner and speculator down here seems to have from two to five good looking daughters. I was so dazed when I hit this town about two weeks ago that I haven't entirely recovered yet.

"Another remarkable thing about the city is the lack of imposing residences. On all sides are signs of wealth, yet the residence section is almost entirely composed of bungalows. Some with extremely modest exteriors are fitted out elaborately inside.

"Mountain peaks tower on all sides of us. To my Ohio-trained eyes, they seem to be not more than a mile away, but in reality they are nearly forty. If I were going to be here for any length of time, I would go up into the mountains for a few days' hunt. But that is one of the things I will have to find pleasure in merely thinking about, for on April 5th our transport sails for Honolulu.

"Our regiment is destined to while its hours in the languor of soft summer nights on the beach of Waikiki. Picture me passing in calm disregard while dark skinned maidens sing sweet songs to still the fevered passion of their love-sick hearts; while from under the Ukelele tree floats the muted melody of Hawaiian guitars—begging, entreating, all but commanding the kisses and caresses of indiscreet youth. Waving palm trees beckon and soft zephyrs whisper of wonderful things—sweet secrets revealed only to him who chooses to take up his abode and live the listless life of the South Sea Isles, the mysterious home of the Bird of Paradise. Yet, Stutsman, unperturbed turns a deaf ear, placidly puffs a two-for-two-bit cigar and signals, 'disregard!'

Lieutenant Stutsman's address is "Troop A, 17th Cavalry, Camp Harry J. Jones, Douglas, Arizona," and after Saturday he can be addressed with the same outfit at Honolulu.

BOYS' CLASS GIVES PARTY FOR GIRLS

The Tri Mu boys class of the First M. E. church entertained the girls' class with a "spread" at the church, Thursday evening. The boys' class was loser in an attendance contest conducted some time ago, and the affair was arranged on a promise that the winners were to be entertained by the losers.

There were about 40 people present and the boys served a delicious luncheon, consisting of sandwiches, pickles, fruit salad, ice cream and cake and cocoa. Following the luncheon, games and contests were enjoyed and a particularly interesting feature was a number of stunts given by each of groups, into which the company was divided.

The committee in charge of the refreshments consisted of Lawrence Riddell, Julian Keyes and Arthur Bales, while the program committee consisted of Alfred Arnold, Forest Hurley and Heber Tollis.

Bristol Long Famous Port.

Bristol is one of the ancient ports of England, and three or four hundred years ago it was second only to London. From the very outset it has been connected with trade on this side of the Atlantic, and, in fact, it was out of Bristol that John Cabot sailed in 1497 on the voyage that brought him to the coast of Nova Scotia and was, therefore, the first to reach the mainland of this continent.

DRINK HOT WATER BEFORE BREAKFAST

Says you really feel clean, sweet and fresh inside, and are seldom ill.

If you are accustomed to wake up with a coated tongue, foul breath or a dull, dizzy headache; or, if your meals sour and turn into gas and acids, you have a real surprise awaiting you.

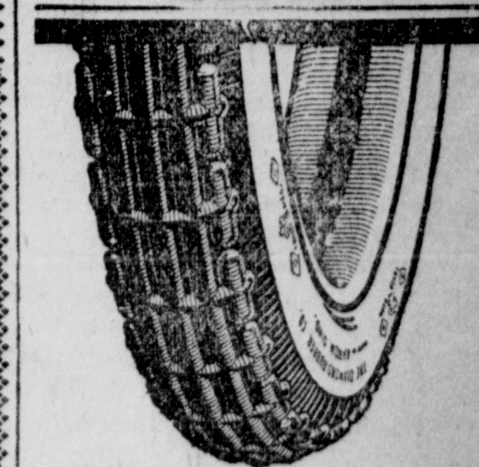

Tomorrow morning, immediately upon arising, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is intended to first neutralize and then wash out of your stomach, liver, kidneys and thirty feet of intestines all the indigestible waste, poisons, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal.

Those subject to sick headaches, backache, bilious attacks, constipation or any form of stomach trouble, are urged to get a quarter pound of limestone phosphate from the drug store and begin enjoying this morning inside-bath. It is said that men and women who try this become enthusiastic and keep it up daily. It is a splendid health measure for it is more important to keep clean and pure on the inside than on the outside, because the skin pores do not absorb impurities into the blood, causing disease, while the bowel pores do.

The principle of bathing inside is not new, as millions of people practice it. Just as hot water and soap cleanse, purify and freshen the skin, so hot water and a teaspoonful of limestone phosphate act on the stomach, liver, kidneys and bowels. Limestone phosphate is an inexpensive white powder and almost tasteless.

READING. AND THE DE-
LIGHTS THEREOF.

"If I should pray for a taste which
should stand me under every variety
of circumstances, and be a source of
happiness and cheerfulness to me
through life, and a shield against its
ills, however things might go amiss
and the world frown upon me, it
would be a taste for Reading. Give a
man this taste, and the means of
gratifying it, and you can hardly fail
of making him happy. You make him
a denizen of all nations, a contem-
porary of all ages." So said the great
English Astronomer, Sir William
Herschel, and he was a very learned
man in many directions.

By the way, speaking of Astron-
omy, there is no other subject of
learning that the present writer has
all his life so felt the need of. Every
clear night when I gaze into the
heavens I can but conjecture about
the wonderful world there looking
down upon me. Thousands of genera-
tions, most of them as boisterous as
our own, have been swallowed up by
time, yet these bright eyes, as of the
Almighty himself, are still shining in
their courses, clear and young as
when the shepherd first noted them
on the plain of Shinar.

Now if I had been learned in
Astronomy, as I spoke of above, I
would not have had to borrow from
another, as I do, the following in-
teresting item:

Three of the brighter planets are
now conspicuous in the early even-
ing. Venus, the brightest of all, can-
not be mistaken, for its light so far
exceeds that given out by the other
planets or stars that those who do not
know it ask what body it is. Often
stories are circulated that it is some
artificial light. It shines in the west
and can be seen in the twilight and
for several hours after the sun has
set. The next most brilliant object is
the planet Jupiter. This planet shines
high up in the sky. It is a far larger
planet than Venus and is, in fact,
larger than all the other planets put
together, but it is further away than
Venus. Further east is the less con-
spicuous planet Saturn, near the
sickle in the constellation Leo. Al-
though less brilliant than the other
two, it is a much more interesting
object when seen with a telescope by
reason of the wonderful rings which
surround it.

But surely I have gotten away
from my subject, which started out to
be Reading and the delights thereof.
Where is the man who to himself
hath not often said "blessings on the
author," after the reading of an in-
teresting book; yes, I have gone
further, I have often said "I hope the
author is in heaven," because of the
pleasure, and often relief of mind
from anxiety, his book has given me.

A book has become our friend
when frequent reading has roughened
its edges. There are many books
that are worth while. Dicken's Stories,
the poets, Shakespeare, Thackeray,
and a host of others. Books are con-
stant friends. We can forget them
for a time and return to find them
still ready to give us of their best.
They hold no grudges, they do not
talk behind our backs. Books, like
friends, should be few and well
chosen. They are the best of friends,
for they seek always to do good, and
never fail us. Be as careful of the
books you read as of the company you
keep; for your habits and character
will be as much influenced by the
former as by the latter.

It was our own Horace Mann, first
President of Antioch college, who
said: "A house without books is like
a room without windows." No man has
a right to bring up his children
without surrounding them with books.
If he has the means to buy them, it is
a wrong to his family. Children
learn to read by being in the presence
of books. The love of knowledge in a
young mind, is almost a warrant
against inferior passions and vices.

Drum's Place in Music.
The drum is a relic of ancient ages.
Music in its crudest form is funda-
mentally rhythmic—later to develop into
harmony. The drum, lacking pitch,
lacking true musical expression, never-
theless essentially registers rhythm. It
represents music in its infancy as de-
vised by primitive peoples.

MONEY FOR ROADS.

This should be the greatest road-
building year in American history.
The demand for better highways is
universal. Nearly every state and
nearly every section of every state has
been planning new road construction,
or ought to be planning it, to the limit
of its ability. That ability is to be
largely increased by federal aid.

An appropriation of \$285,000,000 to
further this purpose has been ap-
proved by the postal committees of
both houses of congress. It will make
one-third of that amount available
up to June 30 of the present year,
and the other two-thirds the two fol-
lowing years. This is in addition to
the millions already provided under
the existing federal aid act.

As in the act mentioned, this new
aid will be contingent on the various
states or parts thereof, guaranteeing
to spend an amount equal to what the
government contributes. This should
be a powerful stimulus to local enter-
prise.

It is also specified that in employ-
ing men for the work, preference
shall be given to discharged soldiers,
thus helping to keep down the supply
of unemployed labor. The reasonableness
of so doing should commend itself
to any state or county.

It is none too soon to start prepara-
tions for the summer road-building
campaign. There ought to be several
hundred millions spent on roads this
year. The expenditure of a round bil-
lion would be a wise and profitable
investment.

LEMONS BRING OUT
THE HIDDEN BEAUTY

Make this lotion for very little
cost and just see
for yourself.

What girl or woman hasn't heard
of lemon juice to remove complexion
blemishes; to bleach the skin and to
bring out the roses, the freshness and
the hidden beauty? But lemon juice
alone is acid, therefore irritating, and
should be mixed with orchard white
this way. Strain through a fine cloth
the juice of two fresh lemons into a
bottle containing about three ounces
of orchard white, then shake well and
you have a whole quarter pint of skin
and complexion lotion at about the
cost one usually pays for a small jar
of ordinary cold cream. Be sure to
strain the lemon juice so no pulp gets
into the bottle, then this lotion will
remain pure and fresh for months.
When applied daily to the face, neck,
arms and hands it should help to
bleach, clear, smoothen and beautify
the skin.

Any druggist will supply three
ounces of orchard white at very little
cost and the grocer has the lemons. adv

THE PROMOTER'S
WIFE

BY JANE PHELPS.

BARBARA'S FATHER AND
MOTHER COME TO VISIT

CHAPTER LIII.

In all the years we had been mar-
ried, mother had visited us only once.
So my delight can be imagined when
I received a letter from her saying
she and father would come and stay
two weeks with us. That was so like
mother—setting the time herself, and
adhering strictly to it. She never
wanted to interfere with anyone's
plans.

I was in a perfect flutter of delight.
I was so anxious for them to see baby,
so pleased that they would know how
far more prosperous we were than
when they visited us before, when we
had been married but a couple of
years, and lived in the smaller apart-
ment.

"I'll give them just the very best
time they ever had," I said to myself
as I gave orders as to their comfort
while with us.

I did many little things to the
guest-room to make it more homelike
for mother. It was so much more ele-
gant than anything to which she was
accustomed. I was afraid it would
make her feel just a little—out-of-
place. So I added some "homey"
touches—a sewing basket, a bible
with good large print so it would not
strain her eyes, a couple of copies of
her favorite magazines, a footstool she
had spoken of as being so comfortable
on her previous visit; and, the morn-
ing she was expected I decked the
room with some old-fashioned flowers
such as we had at home in the garden.
I remember that one of the maids
said to me:

"Oh, why didn't you get roses or
something?" And rather looked
down on my kitchen-garden bouquet.
Father and mother arrived when
they said they would. I had per-
suaded Neil to go with me to meet
them.

"Do plan to be at home to your
meals while they are here," I said to
him while we waited for the train.
"I certainly shall do so as far as I
can. But business is business. I
can't neglect it even for them."
"I don't expect you to," I was a lit-
tle piqued at his answer, "but be at
home as much as possible. They will
stay only two weeks. Surely you can
make your plans to be with us?"

Neil made no answer. Just then he
had spied them, as they left the train,
and had rushed forward to meet them.
I was so happy to see them, so glad
they had come, that I forgot all about
our conversation, and that Neil had
made me no promise to remain at

home while father and mother were
with us.

It makes my heart beat faster even
yet, when I think of the fuss they
made over little Robert. If I had
thought him the nicest baby in the
world before, I was sure of it now.
Mother could scarcely bear him out of
her arms, altho his nurse—one with
all the new ideas of how baby should
be raised—frowned and shook her
head behind mother's back.

"It won't hurt him to be cuddled a
little," mother said when I told her.
"I feel sorry for babies nowadays.
They are put down and not held. They
get very little real, old-fashioned
tending. Poor dears."

"But it is better for the babies. All
physicians agree on that."
"I don't care if they do. It doesn't
hurt the mother or the baby either to
be natural. And it isn't natural to
have a baby in the house and not cud-
dle it."

I took father and mother out in the
car every morning. They were aston-
ished at the style in which we now
lived. And several times I saw mother
look as if she were not wholly pleased.
But she said nothing—not until the
night before she left. Neil had been
out several nights to dinner, and when
I had found fault, he had been in-
clined to act impatient. He had also
come in long after they had retired.

"I should rather have a little less
daughter, and have more of my hus-
band's society," mother said as I was
helping her pack up, the night before
she left us.

"It isn't that, mother. I scarcely
think I can make you understand. But
Neil is a very big business man—has
big deals which depend upon him for
their success. He cannot help staying
out when these men are in town."
Father, who had been sitting by,
watching us, now broke in:

"I haven't said anything, Bab, but,
my dear daughter, I am afraid for
you and Neil." Then he said some-
thing under his breath which sounded
like "a house of cards."

H. D. RUHLMAN TO
OPERATE KILKARE

Under the management of H. D.
Ruhlman, who has been operating the
skating rink, Kilkare park will be
opened in full swing, Decoration Day.
Mr. Ruhlman has just signed a
lease for the park, this season and he
will operate the popular spot during
the summer. It is the plan of the
new manager to bring a portable rink
to the park for roller skating and
this sport will thus be added to the
attractions of the park.

Mr. Ruhlman has made plans to
improve and add to the attractive-
ness of the park and it will be opened
up in all the ante-bellum splendor that
should follow the victorious close of
the war. The management will op-
erate dances in the big pavilion three
or four nights of the week, leaving
the rest of the time open for private
dancing parties.

As usual, the lunch and refresh-
ment stand will be operated in con-
nection with the pavilion, and there
will be both boating and swimming at
the park.

The ball park and the tennis courts
on the grounds will be improved for
the coming season, and Mr. Ruhl-
man is announcing that the park will
be wide open for business seven days
in the week.

SABINA FLOODED WHEN BIG WATER STANDPIPE BURSTS

The standpipe, which furnishes pressure for the water system in Sabina, sprung a leak Tuesday night, and the town was flooded, but fortunately there was little damage to property, and no fatalities.

The only persons who were endangered seriously was a family named Poland, living in a small house near the crest of the hill on which the standpipe is situated. Rescuers had great difficulty in arousing the sleeping inmates, and finally had to almost drive them out of the house.

The leak was discovered by the night engineer at the power plant, when he found that although the pumps were working, the big pipe was not filling, and he notified the telephone operator, Miss Christy, who assisted in arousing the sleeping town.

Many people abandoned their homes and sought the hills.

ONE OF FIVE SOLDIER BROTHERS IN HOSPITAL

William Leahey, son of Mrs. Michael Leahey of this city, and one of five sons who are in Uncle Sam's fighting forces, is now at the Base Hospital at Camp Sherman recuperating from gas.

In order that his relatives would not worry about him, the lad did not tell them that he was suffering from gas until he arrived at Camp Sherman, when he wrote a letter and announced that he would be home soon.

The young Xenian was gassed in the St. Mihiel drive. He enlisted in the 56th Infantry, Sixth Division, at the start of the war and was sent to France. While reconnoitering with a squad and a lieutenant in charge, the party lost its way and finally stumbled onto the Fifth Division which was then in the St. Mihiel sector. The party attached itself to the Fifth Division, and in the St. Mihiel drive young Leahey was gassed.

He was later returned to this country and has just been transferred from New York to the Base Hospital in the Ohio camp. Another brother, Michael, is also in a hospital in New York, two others, Thomas and Francis are in France yet, and the one sailor in the family, James, is in the Straits of Gibraltar.

HARRY NAGLEY BUYS TWO PROPERTIES ON MARKET STREET

Harry Nagley, undertaker, has purchased the two buildings occupied by Chief William Buckles and by the Mullen Grocery on East Market street, from Mrs. J. C. Hooven, of Dayton, the deal having been completed through the agency of John W. Prugh.

Mr. Nagley will secure possession on May 1, and is planning now to remodel the buildings to be occupied as a residence and also by his undertaking parlors, which he will move from the present location on Greene street. The Mullen grocery room has been used for an undertaking establishment before and is well fitted for such a business. The stone house will be occupied by Mr. Nagley as a residence and it will be joined with the other building. Mr. Nagley is planning extensive improvements and will probably stucco the exterior of the two buildings and change and improve the exterior and add a veranda on the east side. The remodeling will greatly improve the properties and fit them ideally for Mr. Nagley's purposes.

JAMESTOWN

Mr. and Mrs. Ralph George have for their guests this week Mrs. Walter Whiteman and little son, and Miss Bertha Jackson of New York City. The ladies are cousins of Mrs. George. Ivan, son of Mr. and Mrs. John Q. Adams, is home from Camp Merritt, N. J., for a week's furlough. Ivan enlisted 15 months ago and this is his first visit home. During all this time he has been stationed at Camp Merritt, where he is a member of the Medical Corps. As this is an evacuation camp, he does not know how soon he will receive his discharge.

Mr. and Mrs. John Tomlinson have had for their guests Mr. and Mrs. Frank Hughes of Yellow Springs.

Mr. and Mrs. A. G. Paulin were in Springfield the first of the week. They accompanied Mrs. Lon Shigley that far on her trip to Michigan.

Mr. Emory Sapp of Wilmington has been visiting relatives in Jamestown.

Private Arthur K. Herman gave an address on his experiences in the war on Tuesday evening, thus concluding the High School lecture course. Mr. Herman's profession is that of a minister—a Canadian, and could have entered the service as a chaplain, but preferred to be in the active service from a patriotic standpoint. He lost a leg a Vimy Ridge, but he says very modestly that he did not lose his leg, but gave it to ease his conscience.

LADIES! DARKEN YOUR GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe and Nobody will Know.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

THAT CHANGE IN WOMAN'S LIFE

Mrs. Godden Tells How It May be Passed in Safety and Comfort.

Fremont, O.—"I was passing through the critical period of life, being forty-six years of age and had all the symptoms incident to that change—heat flashes, nervousness, and was in a general run down condition, so it was hard for me to do my work."

Lydia E. Pinkham's Vegetable Compound was recommended to me as the best remedy for my troubles, which it surely proved to be. I feel better and stronger in every way since taking it, and the annoying symptoms have disappeared."

—Mrs. M. GODDEN, 925 Napoleon St., Fremont, Ohio.

Such annoying symptoms as heat flashes, nervousness, headache, irritability and "the blues," may be speedily overcome and the system restored to normal conditions by this famous root and herb remedy Lydia E. Pinkham's Vegetable Compound.

If any complications present themselves write the Pinkham Medicine Co., Lynn, Mass., for suggestions how to overcome them. The result of forty years experience is at your service and your letter held in strict confidence.

science. His talk was thrilling and interesting throughout, and he had the hearty applause of a large audience. He was one of the wounded Canadians who were sent to Columbus to aid in filling the war chest of that city. From his address there he was requested to be placed on the lecture bureau, and he is pleased to give his time this way. Before he began his lecture, he had the audience sing "The Star Spangled Banner," and "Keep the Home Fires Burning." Mr. Herman was very graphic in word painting of the scenes of the war. He highly praises the Red Cross and the Y. M. C. A.

On Monday evening Miss Eloise Farquhar entertained twelve of her girl friends with a six o'clock dinner. The amusement feature was representing a child's party, half of the number being dressed as little girls and the other half as small boys, their appearance creating quite a bit of fun. It was the evening preceding Miss Farquhar's birthday, so she was remembered with a number of beautiful gifts. Thus the evening was a very enjoyable one, with music.

Mr. Carl Conrey, a farmer near Jamestown, met with a very serious accident in managing a young horse. It crowded him up against a tree, breaking three ribs, injuring his collar bone and detaching a kidney. He is suffering greatly and will be confined to his bed for some time.

RECIPE TO CLEAR A PIMPLY SKIN

Pimples are Impurities Seeking an Outlet Through Skin Pores.

Pimples, sores and boils usually result from toxins, poisons and impurities which are generated in the bowels and then absorbed into the blood through the very ducts which should absorb only nourishment to sustain the body.

It is the function of the kidneys to filter impurities from the blood and cast them out in the form of urine, but in many instances the bowels create more toxins and impurities than the kidneys can eliminate, then the blood uses the skin pores as the next best means of getting rid of these impurities which often break out all over the skin in the form of pimples.

The surest way to clear the skin of these eruptions, says a noted authority, is to get from any pharmacy about four ounces of Jad Salts and take a tablespoonful in a glass of hot water each morning before breakfast for one week. This will prevent the formation of toxins in the bowels. It also stimulates the kidneys to normal activity, thus coaxing them to filter the blood of impurities and clearing the skin of pimples.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia. Here you have a pleasant, effervescent drink which usually makes pimples disappear; cleanses the blood and is excellent for the kidneys as well.

Run-Down People Vinol is What You Need

Weak, run-down nervous men and women need Vinol because it contains the most famous reconstructive tonics in an agreeable and easily digested form:—Beef and Cod Liver Peptones, Iron and Manganese Peptonates and Glycerophosphates.

We guarantee there is no tonic equal to Vinol.

HERE IS PROOF

Detroit, Mich.

"I got into a weak, run-down condition, no appetite, tired all the time and headaches—but had to keep around and do my housework. I read about Vinol and tried it—within two weeks I commenced to improve, and now have a splendid appetite and feel stronger and better in every way."—Mrs. John F. Watson.

For all run-down, nervous, anemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.

Texarkana, Texas.

"I keep house and I was weak, run-down and nervous, back ached a good deal of the time, so it was hard to take care of my chickens and do my work—Vinol has restored my strength, and my nervousness has gone, so I can do my work as well as ever. Every run-down woman should take Vinol."—Mrs. Emma Britt.

Dr. F. T. Masaryk

MASARYK RESIGNS POST; CZECHO-SLOVAK ARMY SENT AGAINST HUNGARY.

Thomas G. Masaryk, President of Czecho-Slovakia, has resigned, according to a dispatch from Copenhagen. The report added that a Czecho-Slovak army has been sent against Hungary. President Masaryk was the first President of the new Czecho-Slovak republic. He is a sociologist and historian, and has been called the greatest of living Slav scholars. He was a member of the Austrian Reichsrat before the war. When war was declared he openly sided with the Entente, and the result was he was forced to flee Austria. While in exile he conducted a tireless propaganda for the liberation of the Czecho-Slovak people.

WEST ST. RESIDENT WANTS STREET PAVED

A communication from a West street resident received at this office, indicates that this street, too, is in line for paving when the city paving starts this summer.

According to the letter, the only unpaved section is from West Third street to the Pennsylvania round house, and this part is full of holes and bumps. It is alleged that the street is in very bad condition. The "Taxpayer" claims that the cost would be small, as there is no alley along the street.

If the paving project is unanimous along West street, the best plan for "taxpayer" to pursue is to secure the signatures of the property owners on a petition to present to the City Commission, such as did Hiving street. The Commission favors the plan of letting the street decide whether it needs the paving or not, as the cost is small to the city, and should not be regarded in the face of an improvement like paving.

However, it must be remembered that all streets benefit during paving time, for the streets that are not paved are always materially improved. City Manager Riddle says these streets will be taken care of this year.

MAY PLAY A CITY CHAMPIONSHIP GAME

An effort is being made to get the Triangle Basketball Club and the High School team together this week for a game to decide the city championship.

Philip Buck, as captain of the Triangle outfit, is back of the movement for the exhibition game, which will come as an interesting, if delayed, climax to the season.

The Triangles have been strengthened by some new material, and are anxious for the match. They challenge the High School to a game to be arranged and played at once.

TWENTY YEARS AGO

Mr. J. Frank Orr left yesterday for New York City in the interest of the Hoover & Allison cordage works.

Mr. Ernest Schmidt, who has been attending college at Gambier, arrived home last night to spend the spring vacation.

Attorney Chas. H. Kyle returned last night from Louisville, Ky., where he has been for several days past on legal business.

Charlie Stier is reported as convalescing from a severe spell of typhoid fever.

Mr. Harry Sparks, who is attending school at Case, Cleveland, is home for the spring vacation.

Mr. and Mrs. George Soward went to a wooden wedding recently and contracted a case of mumps and are now enjoying a luxury they should have had at an earlier day.

"Daddy, what is that 'queer-looking crack' in your glasses?"

Observing daughter is not the only one who notices that "queer-looking crack" in Daddy's glasses. Everybody notices it. It mars his appearance; it makes him look old.

KRYPTOK GLASSES

THE INVISIBLE BIFOCALS

Kryptoks (pronounced Crip-toks), without that conspicuous age-revealing "crack" or seam, give the convenience of NEAR and FAR vision in one pair of glasses. There is not the slightest trace of a seam or hump. The two powers (the lower for close work, and the upper for distance) are joined together in one solid, smooth, crystal-clear piece. Notwithstanding the fact that Kryptoks look exactly like single-vision glasses, they enable you to see both near and far with equally keen vision. That's why they are known everywhere as the "invisible bifocals."

Call and let us give you further information concerning these universally approved bifocals.

Splendid Way To Reduce Your Weight

There is perhaps no one thing that so plainly shows the passing of our youth as the horrible tendency to put on too much weight after we have reached the age of 25 or 30 years. However young our faces may appear, the sagging, flabby figure and forty inch waist "gives us away."

The cause of this over stoutness is that our stomachs convert the food we eat into fat because there is not enough oxygen in the blood to produce a proper combustion to destroy the excess fatty tissue. Fat people will be pleased to learn of a simple home method which is wonderfully efficient in reducing weight, quickly and easily without a starving diet, violent massage or strenuous exercise. Go to any drug store and get a box of Phynola, take five grains after each meal and at bed time. This treatment will often give quick relief from overburdening fat. Phynola taken at meal time assists the stomach in giving you the benefit of the food you eat; at the same time dissolves the fatty tissue from any part of the body where it is excessive fat. By this method many have reduced their weight a pound a day and there is no flabbiness left. Sayre & Hemphill can supply you with the genuine Phynola at a small cost.

Time Brings Joy And Happiness

As the Hours Pass the Coming of Baby Draws Nearer—Are You Prepared?

No woman awaiting the joy of coming motherhood should allow the days to pass without using the wonderful penetrating application, Mother's Friend. By its regular use throughout the period the system is prepared for the coming event and strain and tension is relieved. It renders the broad, flat abdominal muscles pliant and they readily yield to nature's demand for expansion. As a result the nerves are not drawn upon with that peculiar wrenching strain, and nausea, nervousness, bearing-down and stretching pains are counteracted. The abdomen expands easily when baby arrives and the hours at the crisis are naturally less. Pain and danger as a consequence is avoided.

Mother's Friend not only allays distress in advance, but assures a speedy recovery for the mother. The baby is kept soft and smooth and natural and free from discomfort. Write to the Bradford Regulator Company, Dept. J. Lamar Building, Atlanta, Georgia, for their Motherhood Book, and procure a bottle of Mother's Friend from the druggist. It is just as standard as anything you can think of.

DISCOURAGED

You have tried everything. It's the same old story. I hear it everyday. Your courage is gone, your faith is gone. You are discouraged. You are discouraged, but even that won't come. What would you give to be a well man? Well woman? What wouldn't you give? Worse cases, perhaps than yours, are yielding as if by magic to its subtle power. Why not your case? I will leave it to your intelligence and good judgment. Slaves to mock or false modesty, you deserve to suffer. 98 per cent of the supposed incurable cases could be relieved physically and mentally if they would only confess it to a friend, family, or better a skilled physician. Don't argue I've tried electricity with no results—you may have too. What an up-to-date electrically equipped institution really is.

IF I ONLY KNEW JUST WHAT AILS ME.

How often have you made this remark? Yet you continue to suffer, hesitating to seek aid because you consider that medical attention would be too expensive, or, perhaps, are you dissatisfied with past treatment?

Remember, all the wishing, hoping and praying never cured any real physical ailment. Then, why continue to grope in the dark, suffering pain, discomfort and dissatisfaction? An X-ray examination will cost you but one dollar and is considered by the medical profession as one of the greatest aids to a correct diagnosis. If your case is not incurable you can be treated. The most completely equipped offices in the Middle West. 25 years experience.

Following his request, funeral services for the late J. Ed Lawrence, held at the home of his parents, Mr. and Mrs. William Lawrence, Wednesday afternoon, were simple and impressive. The body reposed in a beautiful, but plain casket, and there were no flowers. These arrangements were made by Mr. Lawrence before his death. Rev. G. W. Beeton, pastor of Zion Baptist church, was in charge of the services, and assisted by Rev. A. M. Howe, pastor of Third Baptist church. A selected choir from Zion church rendered some touching selections, all being favorites of the deceased. The body was borne to its final resting place in Cherry Grove cemetery by Messrs. Carl Scott, Henry Jackson, Wade Allen, Robert Robinson and Charles Berry. Mrs. Lawrence left for Cleveland, enroute to Buffalo, N. Y., Wednesday night, to attend to some business of her late husband. She will return here in the summer and spend some time with Mr. and Mrs. Lawrence. Mr. Lawrence had been a member of the Uniform Rank, K. of P., for over 20 years, his membership being with the Cleveland lodge.
